Russia has been popular destination for International students for pursuing MBBS right from Soviet Era. Russia boasts about occupying almost 30 positions amongst top 100 ranking Medical Universities according to the World Health Organization (WHO)'s "Directory of World Medical Schools". Pass-outs from Russian Medical Universities are presently working in the leading Hospitals across the globe. MBBS in Russia is a preferred choice for International students because of highly subsidized fee by Russian Ministry of Health & Education as compared to other western countries. High Quality of Education combined with this low cost is one of the main reasons for choosing top medical universities of Russia for MBBS. There are almost 57 medical universities in Russia. The student to teacher ratio is 7:1 in all Russian Medical Universities. About 12 of these universities provide MBBS in English Medium.

Duration of MBBS in Russia in English Medium is 6years. Students can also opt for MBBS in Russian Medium. Duration of which is 7 years which includes 1 year as Russian Language Training (Preparatory Faculty)

“

RUSSIA is a preferred choice for International students

because of highly subsidized fee by Russian Ministry of Health & Education as compared to other western countries.

”

Kyrgyzstan, formally known as the Kyrgyz Republic is a beautiful country located in Central Asia. Kyrgyzstan is known for its natural beauty and varied traditions. Kyrgyz Republic is a landlocked country, covered by mountains sharing its borders with Kazakhstan to the north, Uzbekistan to the west, Tajikistan to the southwest and China to the southeast. The capital of Kyrgyzstan is Bishkek which is the largest city of in the country. Bishkek covers a total area of 49 square miles with an estimated population of about 1,250,000. Kyrgyzstan was occupied by by Russia in 1876 and in the year 1991, the country successfully achieved its independence from the Soviet Union.

Today, Kyrgyzstan is counted among the top choices for MBBS in Abroad by the international students at low cost. he country consists of many top medical universities that offer MBBS, MD and other medical degrees.

“

KYRGYZSTAN

**will still be in the top-3
destination for MBBS abroad**

The budget is very low and students can complete the degree within a small budget of tuition fee, hostel fee, mess and admission charges.

”

MBBS in Kazakhstan can be a huge relief to the students wishing to opt for MBBS in Abroad, but are scared to do that due to high tuition fees. Kazakhstan offers medical education in fair and affordable prices which are reasonable for students of all countries in the world.

The medical universities in Kazakhstan offer very good clinical practice to the students just to make sure they take good practical exposure before they head out to practice their profession. The faculty and staff in the universities is very experienced. The amount of affiliated hospitals is also quite large.

There are various facilities provided in the recognized medical universities of Kazakhstan. The MCI approved universities of Kazakhstan houses students from all corners of the world. In totality, MBBS in Kazakhstan can be an excellent option for the students willing to become great doctors of tomorrow.

“

KAZAKHSTAN

is clearly an ideal destination for studying MBBS

as the country offers a set of Top Medical Universities catering to both national and international students. Top Medical Universities in Kazakhstan provide diversified cultures, high-quality education and outstanding opportunities to the enrolled students.

”

Georgia is a European country located at the intersection of Eastern Europe and West Asia. This country shares its borders with the Black Sea in the west, Russia in the north, Turkey and Armenia in the south and Azerbaijan in the Southeast. The capital of Georgia is Tbilisi which is known for its diverse architecture and mazelike, cobblestone streets. The major area of the country is covered with mountains.

The Likhi Range divides the country into eastern and western halves. The eastern part of Georgia faces hot summers and cold winters while the climate in the western part is influenced by elevation.

Georgia is a member of the Council of Europe, OSCE and Eurocontrol. It is also a part of the European Union's Free Trade Area since 2014. Georgia has shown a commendable growth from a near-failed state in 2003 to a relatively well-functioning market economy in 2014. Georgia has also been named as the World's number one economic reformer by the World Bank.

“

GEORGIA

Is A Star Reformer With The Emerging Europe

Georgia has successfully achieved 100% of literacy and is considered to be the best place for studying medicine in the world. The medical universities of Georgia are the premium and the best option for any student who wants to study MBBS abroad

”

Located in East Asia, China is the world's second largest state by land area. China is a communist nation and the world's most populous state with the population of over 1.381 billion. China comprises of a vast landscape with the grassland, desert, mountain ranges, lakes, rivers and 14,500 km of coastline. China shares its borders with India, Nepal, Bhutan and Burma. Beijing is the capital of China. Shanghai - the largest city of China is the global financial center of the country. Currently, China is one of the fastest growing economies of the world in terms of GDP and Purchasing Power Parity. Also China is the largest importer and exporter of goods in the world. The country is a recognized country for nuclear weapons and has the world's largest standing army and second-largest defense budget.

The climate in China varies from one region to another. The weather of the country is mostly dry while wet monsoons also prevail often. Winters are usually very cold and dry and summers are mostly warm and moist.

“

CHINA

the second-wealthiest nation in the world,

Generally speaking, China is a safe country to travel around, and most people you meet are friendly, honest, and trustworthy. However, China is far from immune to crime, the weather can affect travel plans, there are some health risks that may be new to you, and accidents do happen
